

**Jim Lloyd** doesn't fit in a single neat category as musician or entertainer. Much like Doc Watson, his mountain upbringing provided a much more eclectic background than just the traditional music they mastered, including the pop and jazz they heard on radio and records. Jim, further, never made a choice between bluegrass and old-time, between open back and resonator banjos, between overhand and Scruggs style banjo playing. Jim's musical roots extend back through at least four generations of musicians from the mountains of Virginia and West Virginia.

An Appalachian barber, musician, storyteller, presenter, music teacher, banjo historian, and radio host, Lloyd's accomplishments extend through old-time, bluegrass, storytelling, and event organizing. His latest release, *Play Guitar in Seven Days*, captures the variety of music that he interprets through his mountain lens. The album reached #12 on AirPlay Direct on 8-30-2017, #20 on the FAR chart for September 2017, and #51 on FolkDJ for October 2017.
